Classic & therapeutic massage Methods

	<p>Relaxing & Regeneration massage Pleasant, relaxing and effective for regeneration and holistic well-being. Turn off and recharge your body and soul.</p>		<p>foot reflexology massage <i>relaxing & regenerating enhances circulation & relieves pain conductive to self-healing</i></p>
	<p>Deep tissue & loosening massage Specifically releases muscle tension, fascia and joint blockages. With elements spinal therapy and osteopathy.</p>		<p>Dorn Breuss massage & joint release massage <i>The displaced vertebrae and joints are returned to their ideal place in a gentle and pulsating manner. Trough the targeted pressure on of trigger points, local muscle hardening is solved.</i></p>
	<p>Harmonie meridians massage <i>has a compensatory effect to harmonizes and stimulates the whole bodily functions with pressure points and flushing</i></p>		<p>Acupuncture Massage Therapy <i>The method is based on the treatment of the meridians. Manually or with the help of a stick, the energy channels and joints are gently harmonized. It called a "Energetic-Static Method"</i></p>

Manual Lymphatic Drainage

*Gentle massage strokes loosen the tissue to stimulate the lymphatic system.
The immune system is thus stabilized and by the influence on the autonomic nervous system one achieves a deep relaxation*

Cupping - detoxification massage

*A well-known treatment in which the blood flow in the tissue is stimulated and purified.
The self-healing powers of the organism are thereby strengthened and support the immune system.*
